**To the members of the Leadership Team**

Greetings from Roma! Wishing you peace and grace in the New Year!

During our recent conversations with many of our sisters, we heard a strong desire to learn more about new things that are happening in other parts of the Society. As a result of hearing this desire, the General Council has developed a plan for a series of global conversations among us which we are calling **Tents of Encounter**.

The conversations will also include dialogues around three key topics that will be discussed in the Chapter: Apostolic Priorities, Sharing of Resources, and Governance.

Attached you will find a letter to the members of the Society and the program for Tents of Encounter. The purpose and the process of the encounters are explained in the letter and the program sheet. In the program, you will see time for sharing for each New Province.

With this letter, we want to request each of the New Provinces to prepare a 7-minute presentation about **what new things you have been doing to build relationships and /or create the new province**. You can design the presentation as you wish. It is desire that you send your presentation to Cuca at least 5 days before the meeting so that Cuca can share it with the interpreters. Please inform Cuca as soon as you can who will be, within your new province, the contact person for Cuca. Below you will see the date and time for each of your new provinces. The choice of the provinces is based on the most accessible time for them.

If you have any questions do not hesitate to contact me or your link person from the General Council.

On behalf of all our sisters, thank you for considering this important service for the Society. Thank you for your valuable contribution and hard work at this important time in the Society.
